PRO•LINK ECO•PRO Floor Finish Restorer is an Environmentally Preferred Product that is ready to use. This economical restorer is formulated to easily and effortlessly restore finishes maintaining their luster and shine without having to scrub, strip and recoat. Removes soil and scuff marks, enhances gloss and increases durability.

DIRECTIONS:

GENERAL RESTORATION

- Dust mop floor, using a clean microfiber or conventional dust mop
- Damp mop or auto scrub floor if necessary, let dry
- Using a clean microfiber or synthetic flat mop apply solution to the floor from the container in the same manner as applying a thin sealing coat of finish
- Allow to dry, then burnish with a natural hair burnishing pad
- Dust mop again to pick up any dust created by burnishing

SPRAY BUFFING

- Dust mop and Damp mop as above
- In a controlled manner, apply ahead of buffer and buff to desired level of gloss doing a small area at a time.
- Dust mop again to pick up any dust created by buffing
