

EP200

Biological Enzyme Digester

Ready To Use Formula

Works in all types of urinals or troughs • DSL approved bacterial cultures • No harsh ingredients • Prevents blockages in traps and pipes • Reduce odors • Safer than chemical alternatives

Read the label before using

SIZES:

69979 – 6/1L

69980 – 4/4L

69981 – 1/20L

69982 – 1/205L

Biological Enzyme Digester employing Bacillus Multi-Strain bacteria technology, combined with Green Seal approved Bio-Surfactant system to not only digest odours, grease and waste but to clean, lift and suspend soils as well.

DIRECTIONS:

Drain Lines & Down Pipes: Use 2-4 times weekly, pour directly into drain pipe starting on the lowest floor and working up at a rate of 1 floor per day. Do not treat the same floor twice. When the top floor is reached, continue from the top floor only.

Pipe Size	Dosage	Frequency
2"	4 oz.	2 times / week
4"	8 oz.	2 times / week
6"	12 oz.	2 times / week
8"	16 oz.	2 times / week

Grease Traps: For less than 20 cubic feet capacity, add 4-5 oz. of product daily by pouring in a sink or pipeline closest to the trap. This should be done at night or when the traps are used the least. After adding, flush down with a cup of lukewarm water. For grease traps larger than 20 cubic feet, add 8-10 oz. daily using the same product.

Major Ingredients include, surfactants, micro nutrients, and Biological enhancers.

For use in the food industry. Do not use on food contact surfaces. Avoid contamination of food in the application and storage of this product.

KEEP FROM FREEZING. FOR INDUSTRIAL USE ONLY.

PHYSICAL PROPERTIES:

Physical State: Liquid
Appearance: Clear to hazy pale green liquid
Odour: Characteristic
pH: 7-8
Specific Gravity: 0.99-1.00
Solubility in Water: Complete
Viscosity: As Water
