Peroxide Multi Surface Cleaner, Deodorizer and Stain Remover

- Ready to Use; just spray and leave on carpets and upholstery.
- Spray and wipe any hard surface to clean and sanitize

DIRECTIONS:

On carpets remove any loose soil from the surface to be cleaned. Spray the effected area. Do not scrub or blot the sprayed area, simply spray and leave the area to dry. While drying it breaks down and lightens the stain. After initial treatment, if stain persists a re-treatment may be required. Simply spray the same area again and leave. With deep pile carpets work into the pile with a clean Micro fiber cloth, rag or brush, again Do not scrub or blot. Always test colour fastness on an inconspicuous area first. Spray onto hard surface. Wipe with a clean cloth or paper towel. Works exceptionally well within a micro fiber cleaning system.

Major ingredients include, hydrogen peroxide and surfactant.

Areas subject to food contact must be rinsed thoroughly with potable water. Suitable for use in food plants.
