

Creme Cleanser

The mild abrasive cleaner that **POLISHES** while it cleans.
For tough jobs.

A synthetic blend of mild abrasives, mild detergents, and bleach formulated to tackle the tough cleaning jobs. In many instances it is an alternative to harsh acid cleaners to remove rust or light mineral deposits.

Deep Cleans

Mild abrasive removes stubborn spots, rust build-up, organic stains, grease, rubber marks, and soap scum. Cleans and polishes without scratching. Safe when used as directed for porcelain, ceramic tile, stainless steel, fiberglass, and melamine plastic laminates. Rinses free without leaving a gritty residue like powdered cleaners do.

Power Whitens

Detergents and oxygen bleach are blended with this mild abrasive to enhance the cleaning while bleaching out discoloration. The bleach will not harm the dye in carpets or fabric.

Economical

Each 1 L bottle of EXTRA THICK Creme cleanser with its easy pour spout is the equivalent of 5 to 7 cans of conventional powdered cleanser.

Specifications

Foaming	Controlled/Moderate
Wetting Ability	Excellent
Rinsing	Complete
Fragrance	Fresh wintergreen
Colour	White
Hard Water	Stable
Biodegradable	Yes/All surfactants
pH	1.4- 2.4
Specific Gravity	1.25
Flash Point	Will not support combustion
Shelf Life	Stable indefinitely
Abrasive	Mild
Storage	Keep from freezing

Packaging

69953: Twelve (12) 1 L bottles per case
Includes toggle dispensing caps.
